High Patron of Africa Code Week in 2017

Mauritius, 18 June 2017: President Gurib-Fakim officially launched Africa Code Week 2017 to the press and partners, announcing her high patronage of the initiative in 2017.

"Are the public and private sectors joining hands, forces, resources, wills and efforts? In other words, are we giving it everything we have, not in isolation, but in synergy and unison? For I believe this is how, in addition to creating opportunities, we will also build up confidence at society level."
