

# Space Exploration Gifts to Sustainable Future

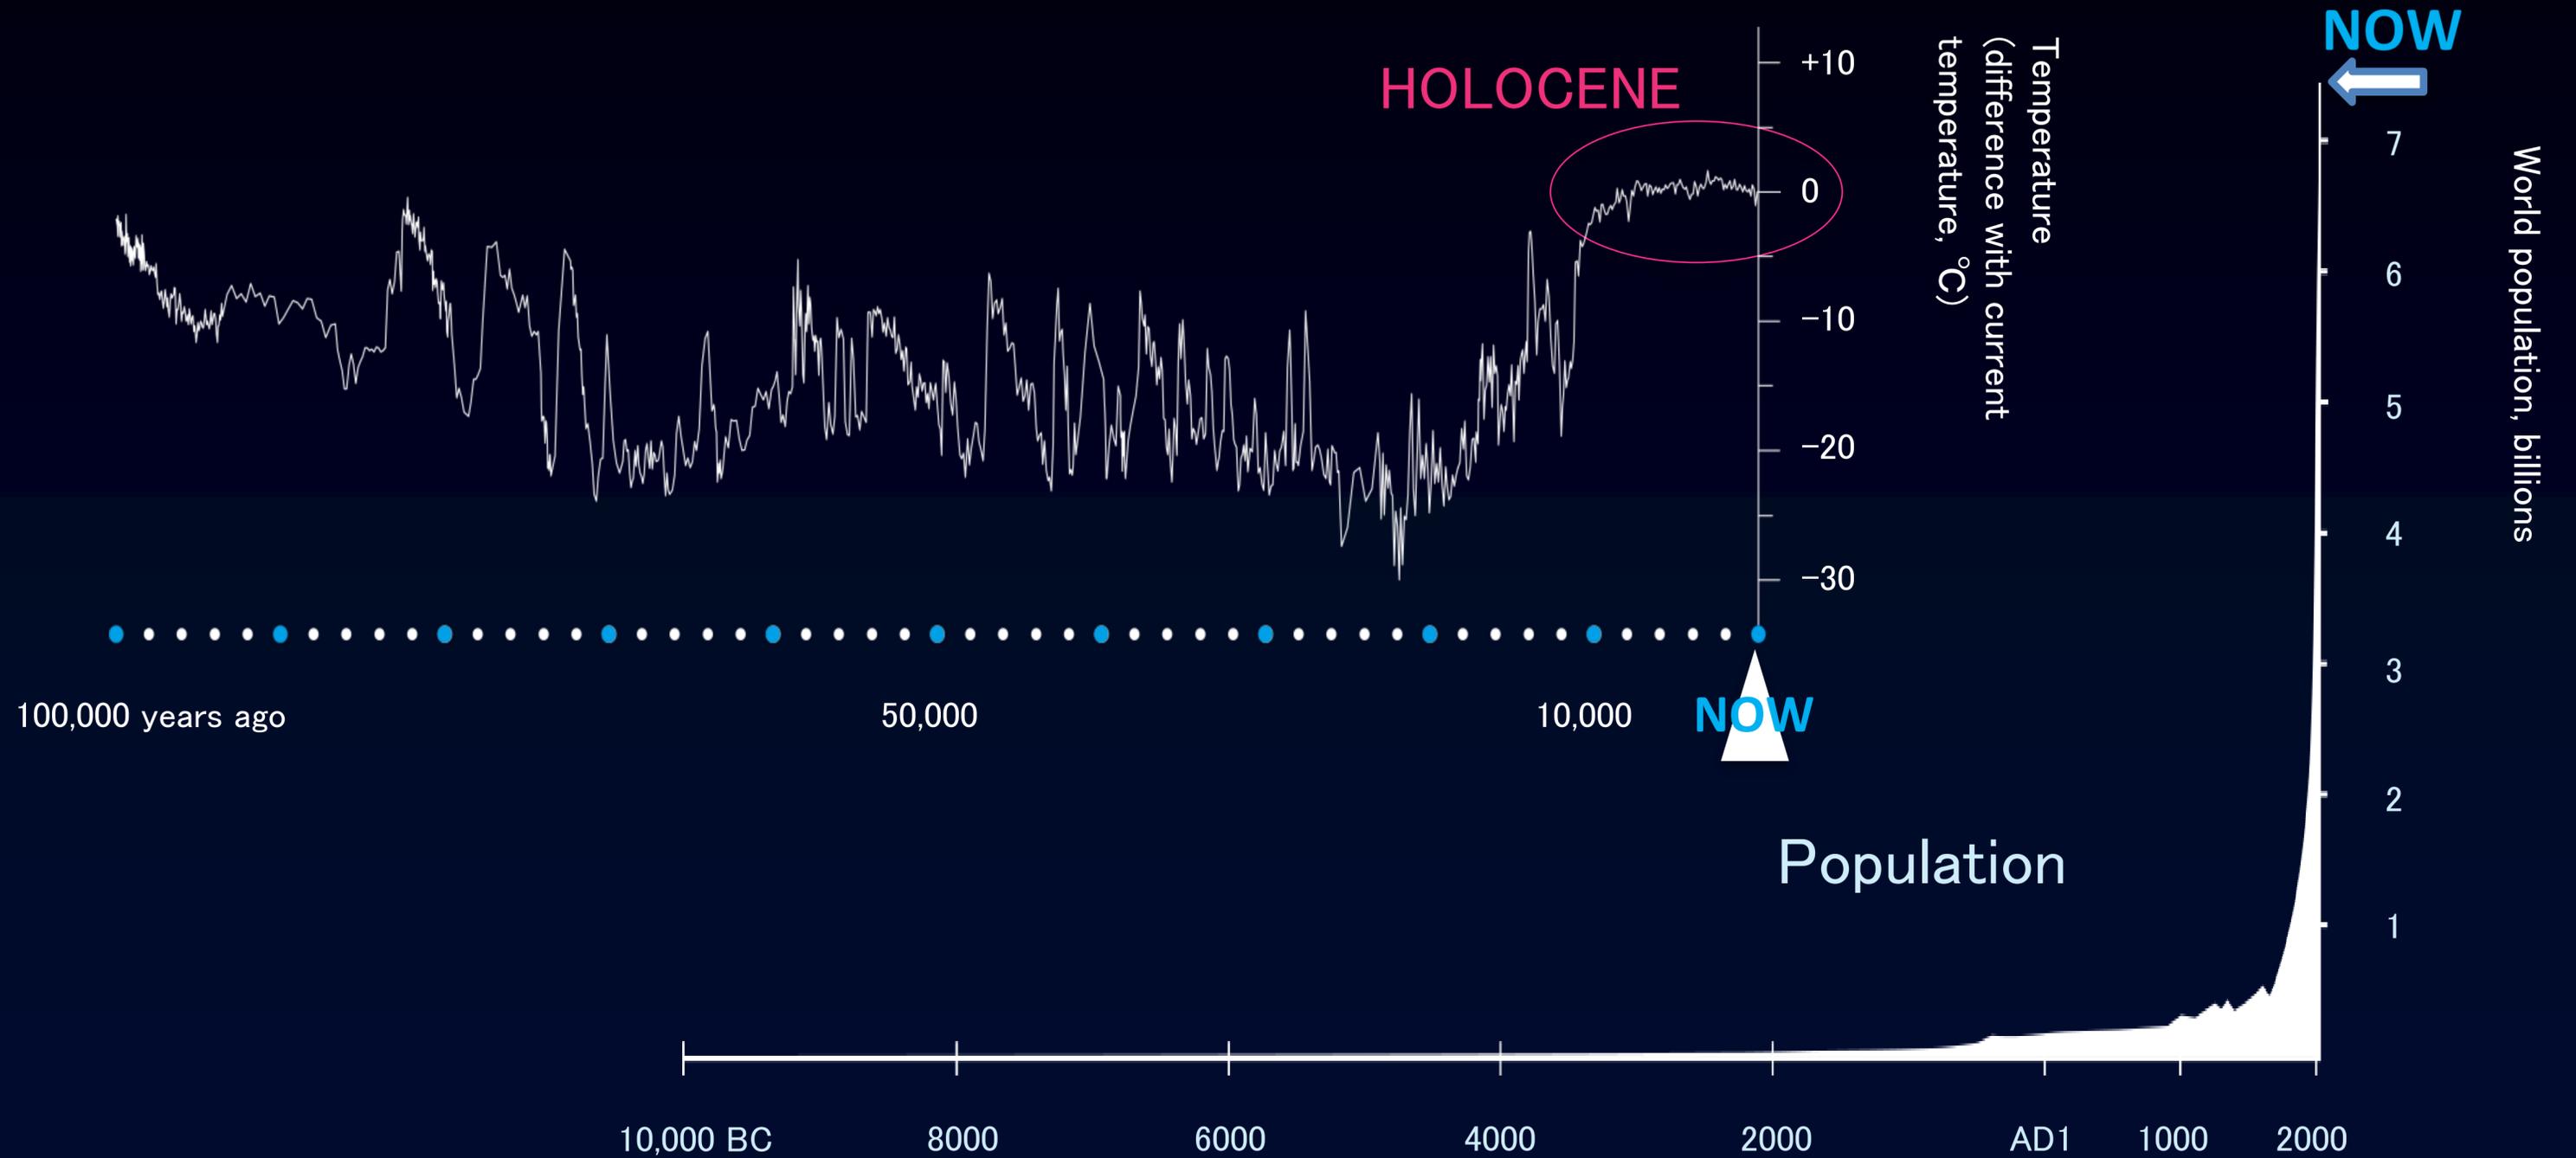

Mamoru Mohri

# Earth Environment Determines Life Sustainability

# A New Era

Global view from Space

~ 20th Century

Genomic view on the atomic level

~ 21th Century

Earth is a part of the Universe beyond specific design and yet,  
all life forms are connected

Science and technology has provided a New Perspective  
“TSUNAGARI”

# TSUNAGARI

Universally connected network

## Global Wisdom

Global Environment  
Biodiversity, Sustainability  
Symbiosis, Genome

**Tsunagari of Life forms  
Earth**

**50 million Species**

## Transformation

Science Communication  
Integrates and Applies  
Societies' Culture  
(Wisdom)

**Tsunagari of the Human Species  
Societies**

**7.5 billion Individuals**

Religion, Military, Nations, Politics,  
Arts, Technology, Education, Business,  
Science, Sports, Media  
(Human Culture)

**Tsunagari of the Individual  
Bodies**

**40 trillion Cells**

Air, Water, Food  
Clothes, Shelter

**Life Essence  
Cells**

Atmosphere, Energy  
Temperature, Light, Gravity

宇宙から学ぶ～ユニバソロジーのすすめ～
